THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

National Intelligence Officers

MEMORANDUM FOR: Representatives of the National Foreign Intelligence Board

SUBJECT : Update Estimative Memorandum on the State of the Rhodesia/  
Zimbabwe Insurgency

1. You will recall that last February we proposed mid-July as an approximate time to update the community's views on two questions re Rhodesia:

- the status of the insurgency and counter-insurgency efforts
- the effects of economic pressures.

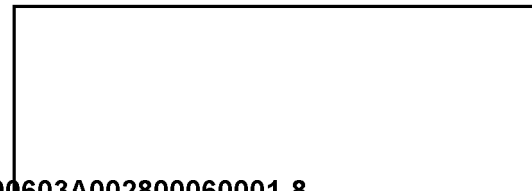

2. We now would like to examine the feasibility of analytical memoranda offering the community's current readings on these questions. To that end, I propose an exploratory meeting on Monday, 11 July, at 1400 hours, in Room 5G00 of CIA Headquarters. Please come armed not only for some substantive discussion of the two topics, but also with your thoughts (and those of your principals, if available) on the usefulness of papers on these subjects in the immediate future.

3. Please call [redacted] no later than COB Friday, 8 July, with the names of your representatives to the meeting. Arrangements will be made for them to enter the building at the main entrance and to receive badges from the receptionists.
